

September 2017

Welcome back to the start of a great year!

As many of you know, we have had some changes in our school this year. We have a new administrative team, two new counselors, and quite a few new teachers.

With all the changes, though, our mission remains the same: Helping students prepare themselves for success in a changing world. All of us—those who have just joined the UHS team and those who have been here many years—are here to help our students succeed and get the best education.

We invite you to come in to see what a great school we have. Come meet our teachers, coaches, and staff.

- Parent/teacher conferences are held every Monday after school from 2:30-3:15.
- Athletic events are happening every week where our students are working hard as a team.
- Clubs are planning events to help others and to help students have a great year.
- Student Council is working hard to ensure students are feeling welcome.
- Our Musical Department is now preparing for great events to come.
- Our Custodial staff works hard every day to make our school look amazing.

There is no bias in saying that we have the best school in the Nation! Our students are amazing, our staff is amazing, and our community is amazing. With all of us working together, we can continue the standard of excellence we have enjoyed for so many years.

Go Utes!

Principal Sharon Shipton
